

MILK ANALYZER

LAKTAN MODEL-900 (measurement time 5 Sec.)

Code No. 22.12.41

Main Features:

- ➔ Based on the latest state-of-the art technologies-laser and fiber optics technologies.
- ➔ Measurement time is only 5 seconds per sample.
- ➔ Economical price.
- ➔ Cleaning is not required.
- ➔ It is without pump.
- ➔ Perfect accuracy of measurements and stability.
- ➔ Simple in operation, maintenance, calibration and installation.
- ➔ Specialized software.
- ➔ Inbuilt Data Processor / DPU. (Optional)

Technical Specifications

Parameter	Range of measurement	Resolution
Fat	0 - 15%	0.01%
SNF	0 - 15%	0.01%
Repeatability	+/- 0.05%	
Accuracy	+/- 0.10%	
Power Supply	220 Volts AC +/-5%/ 12 Volts DC	
Power Consumption	30 Watt	
Ambient Temperature	15 - 35°	
Dimensions	190 x 140 x 140 mm	
Weight	1,0 Kg	
Ports	RS 232 / Printer
